

## MEMORANDUM

June 24, 1999

TO: Tim  
FROM: Cindy *cyh*  
RE: Big Lost Water District

Doug Rosenkrance phoned on Wednesday June 23 with some questions and some new developments within the Big Lost Water District. He indicated you have been involved in at least one of these situations.

Lawrence Babcock, John McCray and Wylie Smith have not paid their assessments for this year. Doug has not been able to regulate the deliveries because there are no control devices at any of the diversions.

Babcock has been diverting water at an unauthorized river diversion, in addition to his Moore Canal diversion.

McCray has not reduced his diversion as you requested in your recent letter, and there is no sign that construction has begun for the required diversion works.

Doug indicates that flows are not short at this time and there are no priority delivery issues yet. He would like to speak with you about his options for regulation.
